

LPB Energy Management Announces 4th Quarter and Fiscal Year Results for 2009

DALLAS, TEXAS, February 19, 2010— LPB Energy Management (LPB) announced today the results for its fourth quarter and year, ended December 31st, 2009. The company achieved record 4th quarter revenues, up 5% from the same quarter of the prior year, and double-digit annual revenue growth for the 7th consecutive year. LPB is also pleased to announce that it has recorded the highest annual profit in its history.

“I am very happy about the growth we have been able to show in this economic environment,” said Matthew Berke, founder and president of LPB. “We have seen increasing demand for energy management services throughout this year, and our integrated suite of services has proven to be a comprehensive and competitive solution to our customers.”

About LPB Energy Management: LPB is a full-service energy management firm that helps clients measure, report and reduce energy costs and usage. Utility bill and meter data is centrally captured and then analyzed using LPB’s innovative Utility Manager™ software, revealing actionable insight that is at the core of LPB’s integrated energy management solution. With offices across the U.S., LPB has helped over 1,000 corporate and government clients reduce energy costs and increase sustainability. LPB has been recognized with ENERGY STAR® Partner of the Year and Sustained Excellence awards, as well as a GSA schedule for Energy Management Program Support.
