

LPB Energy Management Announces Record Results for the 3rd Quarter of 2009

DALLAS, TEXAS, December 21, 2009—LPB Energy Management (LPB) announced today the results for its third quarter earnings, ended September 30th, 2009. Revenue for the third quarter was at the highest in company history, up 11% from the prior quarter, and 17% from the same quarter of the prior year. The company has also recorded the largest profit since its inception.

“I am thrilled that we were able to report record revenues and profits for this quarter,” said Matthew Berke, founder and president of LPB. “Our integrated energy management suite of services has been extremely well received, and we continue to see a tremendous amount of growth in this exciting and new industry.”

About LPB Energy Management: LPB is a full-service energy management firm that helps clients measure, report and reduce energy costs and usage. Utility bill and meter data is centrally captured and then analyzed using LPB’s innovative Utility Manager™ software, revealing actionable insight that is at the core of LPB’s integrated energy management solution. With offices across the U.S., LPB has helped over 1,000 corporate and government clients reduce energy costs and increase sustainability. LPB has been recognized with ENERGY STAR® Partner of the Year and Sustained Excellence awards, as well as a GSA schedule for Energy Management Program Support.
